PLUMBING & PIPEWORK EDITION

59 product families / 134 model rows

Model references, dimensions and packaging are brought together for practical product selection and consolidated sourcing.

**LOCAL KNOWLEDGE.
CONNECTED SUPPLY.**

Tai'an Hehe Materials builds on Changcheng Hardware's established business in Shandong, China. We coordinate suppliers, product specifications, OEM requirements and consolidated orders for importers, wholesalers and distributors.

WRENCHES

Adjustable, open-end, ring and ratcheting formats for service work. Compare nominal sizes, jaw configuration and access requirements.

- Metric size selection
- Adjustable jaw formats
- Ratcheting options

- OEM & QUALITY STANDARDS**
- DIN / ISO specification sourcing
 - Custom colour & private-label options
 - Laser marking & OEM packaging
 - Consolidated container loading

Adjustable Wrench - Model 622180

MODEL 622180 / ADJUSTABLE WRENCHES

aluminium alloy; Powder-coated finish; One-piece construction; Precision worm-screw jaw adjustment; Hanging eye

Model No.	Specification	Pack	Carton
622180	12" / 300 mm / 16-68 mm	6	60

Adjustable Wrench - 6270 Series

6270 SERIES / ADJUSTABLE WRENCHES

Body: high-carbon steel; carbon steel; Matt finish; Forged construction; Precision worm-screw jaw adjustment

Model No.	Specification	Pack	Carton
627008	200 mm (8")	6	96
627010	250 mm (10")	6	60
627012	300 mm (12")	6	36
627015	375 mm (15")	2	20

Adjustable Wrench - 6290 Series

6290 SERIES / ADJUSTABLE WRENCHES

alloy steel; Chrome-plated finish; Forged construction; Reduced-weight jaw design; Profile for restricted-access work

Model No.	Specification	Pack	Carton
629008	8"	6	90
629010	10"	6	60
629012	12"	6	36
629015	15"	2	24

Adjustable Wrench - 6211 Series

6211 SERIES / ADJUSTABLE WRENCHES

high-carbon steel; Heat-treated working parts; Forged construction

Model No.	Specification	Pack	Carton
621109	230 mm (9-1/16")	6	36
621111	280 mm (11")	6	36
621115	375 mm (15")	6	24

Universal Wrench

MODEL 334001 / ADJUSTABLE WRENCHES

Cr-V steel; Slim profile for restricted access; 5-degree operating arc; Profile for restricted-access work

Model No.	Specification	Pack	Carton
334001	14-16 mm	8	24

PLIERS

Gripping, cutting and handling tools for workshop tasks. Select the jaw form, cutting profile and handle construction to suit the workpiece.

- Gripping & cutting
- Jaw profile selection
- Handle configurations

OEM & QUALITY STANDARDS

- DIN / ISO specification sourcing
- Custom colour & private-label options
- Laser marking & OEM packaging
- Consolidated container loading

C-Clamp Locking Pliers

MODEL 229610 / LOCKING PLIERS

Head: high-carbon steel; Heat-treated working parts; Forged construction; Pressed-steel construction

Model No.	Specification	Pack	Carton
229610	11"	1	30

Long-Nose Locking Pliers

MODEL 229510 / LOCKING PLIERS

Head: high-carbon steel; Handle: steel; Heat-treated working parts; Forged construction; Pressed-steel construction

Model No.	Specification	Pack	Carton
229510	11"	1	30

PLIERS

Gripping, cutting and handling tools for workshop tasks. Select the jaw form, cutting profile and handle construction to suit the workpiece.

- Gripping & cutting
- Jaw profile selection
- Handle configurations

OEM & QUALITY STANDARDS

- DIN / ISO specification sourcing
- Custom colour & private-label options
- Laser marking & OEM packaging

Slip-Joint Pliers

2290 SERIES / SLIP-JOINT PLIERS

Chrome-plated finish; Non-slip covered grip; Adjustable jaw opening

Model No.	Specification	Pack	Carton
229016	6"	18	72
229018	8"	6	72

Pearl-Nickel Water Pump Pliers

2290 SERIES / WATER PUMP PLIERS

Chrome-plated finish; Non-slip covered grip; Adjustable jaw opening

Model No.	Specification	Pack	Carton
229008	8"	6	72
229010	10"	6	72
229012	12"	6	72

European-Pattern Water Pump Pliers

2291 SERIES / WATER PUMP PLIERS

Body: Cr-V steel; Induction-hardened working surface; Non-slip covered grip; Forged construction; Adjustable jaw opening; For pipe fittings and nuts

Model No.	Specification	Pack	Carton
229111	10"	6	72
229112	12"	6	72

PIPE & TUBE TOOLS

Tools for holding, cutting and preparing pipe and tube. Compare capacity, workpiece material and preparation method across the range.

Pipe holding

Tube preparation

Cutting range selection

Tube Flaring Tool

MODEL 313029 / FLARING TOOLS

Body: Cr-V steel; Chrome-plated finish; Forged construction; Slim profile for restricted access; Profile for restricted-access work

Model No.	Specification	Pack	Carton
313029	6-15 mm	6	36

Pipe Cutter Replacement Blade - Model 313133

MODEL 313133 / PIPE CUTTER PARTS

Blade: 65Mn steel; PTFE-coated surface; Hardened working material; For PVC / plastic pipe cutting

Model No.	Specification	Pack	Carton
313133	3-42 mm	20	300

PIPE & TUBE TOOLS

Tools for holding, cutting and preparing pipe and tube. Compare capacity, workpiece material and preparation method across the range.

Pipe holding

Tube preparation

Cutting range selection

OEM & QUALITY STANDARDS

Pipe Fusion Welding Kit

MODEL 312063 / PIPE FUSION TOOLS

Handle: engineering polymer; aluminium alloy; PTFE-coated surface; Powder-coated finish; Microprocessor temperature control; Digital readout

KEY COMPONENTS OVERVIEW

Heating unit	Digital temperature-controlled pipe-fusion heater
Fusion dies	20, 25, 32, 40, 50 and 63 mm
Support	Heater support stand
Storage	Metal carrying case

Model No.	Specification	Pack	Carton
312063	20-63 mm	1	15

Pipe Vise - 0110 Series

0110 SERIES / PIPE VISES

Precision-cast construction; Heavy-duty clamping body

Model No.	Specification	Pack	Carton
011002	2# (4.4 kg)	1	5
011003	3# (6.8 kg)	1	4
011004	4# (9.8 kg)	1	2

PIPE & TUBE TOOLS

Tools for holding, cutting and preparing pipe and tube. Compare capacity, workpiece material and preparation method across the range.

Pipe holding

Tube preparation

Cutting range selection

OEM & QUALITY STANDARDS

DIN / ISO specification sourcing

Custom colour & private-label options

Laser marking & OEM packaging

Consolidated container loading

Pipe Vise - Model 012003

MODEL 012003 / PIPE VISES

Precision-cast construction; Heavy-duty clamping body

Model No.	Specification	Pack	Carton
012003	3#	1	4

Pipe Wrench - Model 330450

MODEL 330450 / PIPE WRENCHES

Head: Cr-V steel; Heat-treated working parts; Forged construction; Hardened gripping teeth

Model No.	Specification	Pack	Carton
330450	18"	1	20
330600	24"	1	10

PIPE & TUBE TOOLS

Tools for holding, cutting and preparing pipe and tube. Compare capacity, workpiece material and preparation method across the range.

Pipe holding

Tube preparation

Cutting range selection

OEM & QUALITY STANDARDS

DIN / ISO specification sourcing

Custom colour & private-label options

Laser marking & OEM packaging

Consolidated container loading

Pipe Wrench - 3320 Series

3320 SERIES / PIPE WRENCHES

high-carbon steel; Induction-hardened working surface; Forged construction; Matched opposing jaw teeth

Model No.	Specification	Pack	Carton
332001	1"	1	36
332015	1-1/2"	1	24
332020	2"	1	12

PVC Pipe Cutter - Model 313132

MODEL 313132 / PLASTIC PIPE CUTTERS

Blade: 65Mn steel; Handle: aluminium alloy; PTFE-coated surface; Double-edge cutting geometry; For PVC / plastic pipe cutting

Model No.	Specification	Pack	Carton
313132	3-32 mm	20	100

PIPE & TUBE TOOLS

Tools for holding, cutting and preparing pipe and tube. Compare capacity, workpiece material and preparation method across the range.

Pipe holding

Tube preparation

Cutting range selection

OEM & QUALITY STANDARDS

DIN / ISO specification sourcing

Custom colour & private-label options

Laser marking & OEM packaging

Consolidated container loading

PVC Pipe Cutter - Model 313142

MODEL 313142 / PLASTIC PIPE CUTTERS

Blade: 65Mn steel; Handle: aluminium alloy; PTFE-coated surface; Double-edge cutting geometry; For PVC / plastic pipe cutting

Model No.	Specification	Pack	Carton
313142	3-42 mm (1/8"-1-5/8")	10	50

PVC Pipe Cutter - Model 313105

MODEL 313105 / PLASTIC PIPE CUTTERS

Blade: 65Mn steel; Handle: aluminium alloy; PTFE-coated surface; Double-edge cutting geometry; For PVC / plastic pipe cutting

Model No.	Specification	Pack	Carton
313105	3-75 mm (1/8"-2-15/16")	1	20

PIPE & TUBE TOOLS

Tools for holding, cutting and preparing pipe and tube. Compare capacity, workpiece material and preparation method across the range.

Pipe holding

Tube preparation

Cutting range selection

OEM & QUALITY STANDARDS

DIN / ISO specification sourcing

Custom colour & private-label options

Laser marking & OEM packaging

Ratchet PVC Pipe Cutter

MODEL 313000 / PLASTIC PIPE CUTTERS

For PVC / plastic pipe cutting

Model No.	Specification	Pack	Carton
313000	3-42 mm	10	60

PVC Pipe Cutter - Model 313003

MODEL 313003 / PLASTIC PIPE CUTTERS

Head: 65-grade manganese steel; Body: aluminium alloy; For PVC / plastic pipe cutting

Model No.	Specification	Pack	Carton
313003	3-42 mm	5	50

PIPE & TUBE TOOLS

Tools for holding, cutting and preparing pipe and tube. Compare capacity, workpiece material and preparation method across the range.

Pipe holding

Tube preparation

Cutting range selection

OEM & QUALITY STANDARDS

DIN / ISO specification sourcing

Custom colour & private-label options

Laser marking & OEM packaging

Adjustable Tube Cutters

MODEL 313032 / TUBE CUTTERS

Blade: alloy steel; Electroplated finish; For copper and aluminium tube

4-32 mm capacity | Electroplated finish; Blade: alloy steel; For copper and aluminium tube

Model No.	Specification	Pack	Carton
313032	4-32 mm	10	50

5-50 mm capacity | Electroplated finish; Blade: alloy steel; For copper and aluminium tube

Model No.	Specification	Pack	Carton
612050	5-50 mm	10	50

6-70 mm capacity | Electroplated finish; Blade: alloy steel; For copper and aluminium tube

Model No.	Specification	Pack	Carton
313070	6-70 mm (1/4"-2-3/4")	5	20

Tube Cutter - Model 313005

MODEL 313005 / TUBE CUTTERS

Blade: alloy steel; Sandblasted finish; For copper and aluminium tube and small stainless tube

Model No.	Specification	Pack	Carton
313005	3-30 mm	6	60

PIPE & TUBE TOOLS

Tools for holding, cutting and preparing pipe and tube. Compare capacity, workpiece material and preparation method across the range.

Pipe holding

Tube preparation

Cutting range selection

OEM & QUALITY STANDARDS

DIN / ISO specification sourcing

Custom colour & private-label options

Laser marking & OEM packaging

Tube Cutter - Model 313006

MODEL 313006 / TUBE CUTTERS

Blade: alloy steel; Electroplated finish; For copper and aluminium tube

Model No.	Specification	Pack	Carton
313006	4-28 mm	6	60

Tube Cutter - Model 313007

MODEL 313007 / TUBE CUTTERS

Blade: alloy steel; Blade: aluminium alloy; Forged construction; High-leverage mechanism; For PVC / plastic pipe cutting; For copper and aluminium tube and small stainless tube

Model No.	Specification	Pack	Carton
313007	5-50 mm (3/16"-1-15/16")	10	50

Screw-Feed Pipe Cutter

MODEL 619002 / TUBE CUTTERS

Wheel-type pipe cutter; T-handle screw-feed adjustment; Open cutter frame with roller support

Model No.	Specification	Pack	Carton
619002	2#	1	10

WORKSHOP & AUTOMOTIVE

Bench, handling and vehicle-service equipment for workshop operations. Compare the product format, capacity and mounting arrangement.

- Bench & service tools
- Clamping & handling
- Workshop equipment

Plastic Welding Gun - 5100 Series

5100 SERIES / HEAT & PLASTIC WELDING TOOLS

Plastic-welding joint formation; For PVC, PE, PP and PVDF plastic welding

Model No.	Specification	Pack	Carton
510073	500W	1	20
510070	700W	1	20

Plastic Welding Gun - Model 510071

MODEL 510071 / HEAT & PLASTIC WELDING TOOLS

Plastic-welding joint formation; For PVC, PE, PP and PVDF plastic welding

Model No.	Specification	Pack	Carton
510071	700W	1	20

Plastic Welding Gun - Model 510072

MODEL 510072 / HEAT & PLASTIC WELDING TOOLS

Plastic-welding joint formation; For PVC, PE, PP and PVDF plastic welding

Model No.	Specification	Pack	Carton
510072	1000W	1	10

Gas Flowmeter Regulator

MODEL 500004 / GAS REGULATORS

Composite-material construction

Model No.	Specification	Pack	Carton
500004	1.5 MPa	1	12

Welding Gas Regulator - Model 510001

MODEL 510001 / GAS REGULATORS

Valve body: brass; Copper adjustment screw; Sintered-brass inlet filter

Model No.	Specification	Pack	Carton
510001	10 MPa	1	12

Welding Gas Regulator - Model 510002

MODEL 510002 / GAS REGULATORS

Valve body: brass; Copper adjustment screw; Sintered-brass inlet filter

Model No.	Specification	Pack	Carton
510002	1.5 MPa	1	12

WELDING & SAFETY

Welding supply, gas-handling components and protective equipment. Select the equipment format and stated application before specifying your order.

Welding supply

Gas equipment

Protective equipment

OEM & QUALITY STANDARDS

DIN / ISO specification sourcing

Custom colour & private-label options

Laser marking & OEM packaging

Consolidated container loading

Welding Gas Regulator - Model 510003

MODEL 510003 / GAS REGULATORS

Valve body: brass; Copper adjustment screw; Sintered-brass inlet filter

Model No.	Specification	Pack	Carton
510003	1.5 MPa	1	12

Gas Torch

5021 SERIES / GAS TORCHES

Barrel / head: stainless steel; Valve / tip: copper; Handle: PP polymer

Model No.	Specification	Pack	Carton
502135	Type 35	1	24
502150	Type 50	1	24
502163	Type 63	1	20

Welding Torch

5000 SERIES / GAS TORCHES

copper; Polished working surface; Precision valve spindle

Model No.	Specification	Pack	Carton
500006	Type 6	1	20
500012	Type 12	1	20
